## SUMMARY

---

Commercially driven global business leader with 30+ years of expertise in automotive supply chain execution, international distribution, and export leadership across APAC, Europe, Africa, and the Middle East. Proven record of managing multi-million-dollar export portfolios for tyres, rims, and automotive products across 8 markets. Combines full P&L accountability, channel expansion, and dealer relationship management with advanced ERP modernisation (SAP MM, Oracle) to deliver measurable growth, compliance, and efficiency gains.

- Automotive & Global Distribution: Led complex international trade across 8 markets, ensuring strict regulatory compliance and sustained export growth.
- P&L & Channel Growth: Scaled distribution networks, strengthened dealer engagement, and optimised inventory to protect margins and drive profitability.
- ERP & Inventory Rigor: SAP MM certified; expertise in material requisition, purchase order accuracy, warehouse fulfilment, and stockout reduction.
- Leadership & Negotiation: Directed cross-functional teams, executed high-stakes negotiations, and aligned governance frameworks with IMDA standards.

## EXPERIENCE

---

### *NCS Group, **AI Analyst, Product Management***

*Sep 2021 - Jul 2026*

At NCS Group, I played a pivotal role in enhancing fleet management systems by leveraging cutting-edge technology and strategic initiatives. My focus on migrating fleet applications to .NET MAUI improved performance across mobile platforms. Additionally, I implemented predictive maintenance strategies that contributed to reduced downtime and extended asset lifecycles, ultimately driving operational efficiency.

### *MINDEF / RSAF / NCS, **Fleet Management Systems Specialist Quality Assurance Analyst***

*2024 - 2026*

- Led fleet quality initiatives that successfully reduced downtime by 10%, enhancing operational resilience.
- Established KPI governance, achieving over 95% compliance across various operations.
- Collaborated with AI engineers and BI teams to drive impactful transformation projects.
- Directed cross-functional efforts to validate system integration and logistics capabilities, aligning with strategic defense objectives.

### *Digital Bridgestone / NCS, **Fleet Management Systems Specialist Quality Assurance Lead***

*2022 - 2024*

- Directed migration from Xamarin Toolbox Touch to .NET MAUI, delivering fleet apps on iOS & Android.
- Defined product vision & roadmap for fleet optimisation solutions aligned with KPIs.
- Implemented optimisation models improving utilisation and reducing downtime.
- Designed QA testing frameworks ensuring compliance and performance across mobile platforms.
- Delivered predictive maintenance strategies cutting downtime by 15% and extending asset lifecycle.

### *Yu Luo Trading Co. Ltd, **Senior Business Development Director***

*Nov 2018 - Aug 2021*

In my role at Yu Luo Trading Co. Ltd., I focused on developing robust procurement and logistics networks for iron ore exports. I successfully negotiated contracts that improved business performance while implementing cost control measures to enhance operational efficiency. Additionally, I prioritized building strong relationships with suppliers and buyers, ensuring sustainability in a competitive market.

### *Helios Marine, **Director of Business Development***

*Nov 2016 - Oct 2018*

Directed strategic portfolio expansion, driving growth and mitigating risks, enhancing market presence. #Negotiated long-term contracts, strengthening supplier and buyer networks, ensuring sustained profitability. #Developed effective procurement strategies, achieving consistent returns on investment and improving client relationships.

### *Global Link Automobile, **Head of Global Sales***

*Nov 2006 - Oct 2016*

Expanded dealer network by 50%, delivering \$2 million in export growth by implementing strategic business plans.##Directed international distribution networks across 8 markets, achieving 30% growth in shipment volumes and revenue. Assumed full P&L responsibility, ensuring sustained profitability and market expansion through effective negotiation and compliance.#

*Wei Ngia Motor Pte Ltd, **Senior Sales Manager***

*Nov 2000 - Oct 2006*

Exported automobiles into 8+ countries, driving 40% growth in international sales by implementing strategic business plans.#Negotiated high-value contracts with overseas dealerships, strengthening brand presence across diverse geographies.#Established distribution networks supporting long-term penetration, ensuring sustained profitability and market expansion.##

*Hua Yang Investment Group, **General Manager / Managing Director***

*Nov 1995 - Oct 2000*

Delivered annual sales growth by 25% through strategic pricing and positioning, driving profitability. Streamlined inventory workflows, reducing turnaround time by 20% and enhancing operational efficiency.Built and led high-performing teams, driving accountability and achieving 25% improvement in results.
