Executive Profile

Commercially driven global business leader with 30+ years of expertise in automotive supply chain execution, international distribution, and export leadership across APAC, Europe, Africa, and the Middle East. Proven record of managing multi-million-dollar export portfolios for tyres, rims, and automotive products across 8 markets. Combines full P&L accountability, channel expansion, and dealer relationship management with advanced ERP modernization (SAP MM, Oracle) to deliver measurable growth, compliance, and efficiency gains.

Core Competencies

International Distribution:

Global export leadership, dealer networks, customs compliance.

P&L Management:

Revenue optimization, gross margin protection, inventory planning.

Channel Development:

Distributor expansion across Europe, Africa, Oceania, Middle East, North Asia.

ERP Modernization:

SAP MM certified, Oracle ERP, warehouse fulfillment, stockout reduction.

Leadership & Negotiation:

Cross-functional execution, commercial negotiations, governance frameworks.
