Global Transformation Leader | ERP Modernisation & AI Adoption |
Automotive & Supply Chain | SAP MM Certified
Singapore, Singapore

Summary

Experienced transformation leader with 30+ years of cross-industry expertise across APAC in Automotive, Marine, Trading, and ICT. I specialise in bridging operational discipline with modern cloud and AI-driven architectures to deliver measurable efficiency gains, governance compliance, and sustainable growth. Automotive & Global Distribution: Leadership in automotive supply chains, managing complex international trade across 8 markets with strict regulatory compliance. P&L & Channel Growth: Success in scaling distribution networks, dealer engagement, and inventory optimisation to protect margins and drive profitability. ERP & Inventory Rigor: SAP MM certified with expertise in material requisition, purchase order accuracy, warehouse fulfilment, and stockout reduction. Currently focused on enterprise AI adoption and ERP modernisation, I help organisations unlock predictive analytics, intelligent workflows, and operational agility. My mission is to co-create value with leaders and innovators who believe the future of work lies in human-AI collaboration.
