Techniques to generate targets & niches from your interests and experience

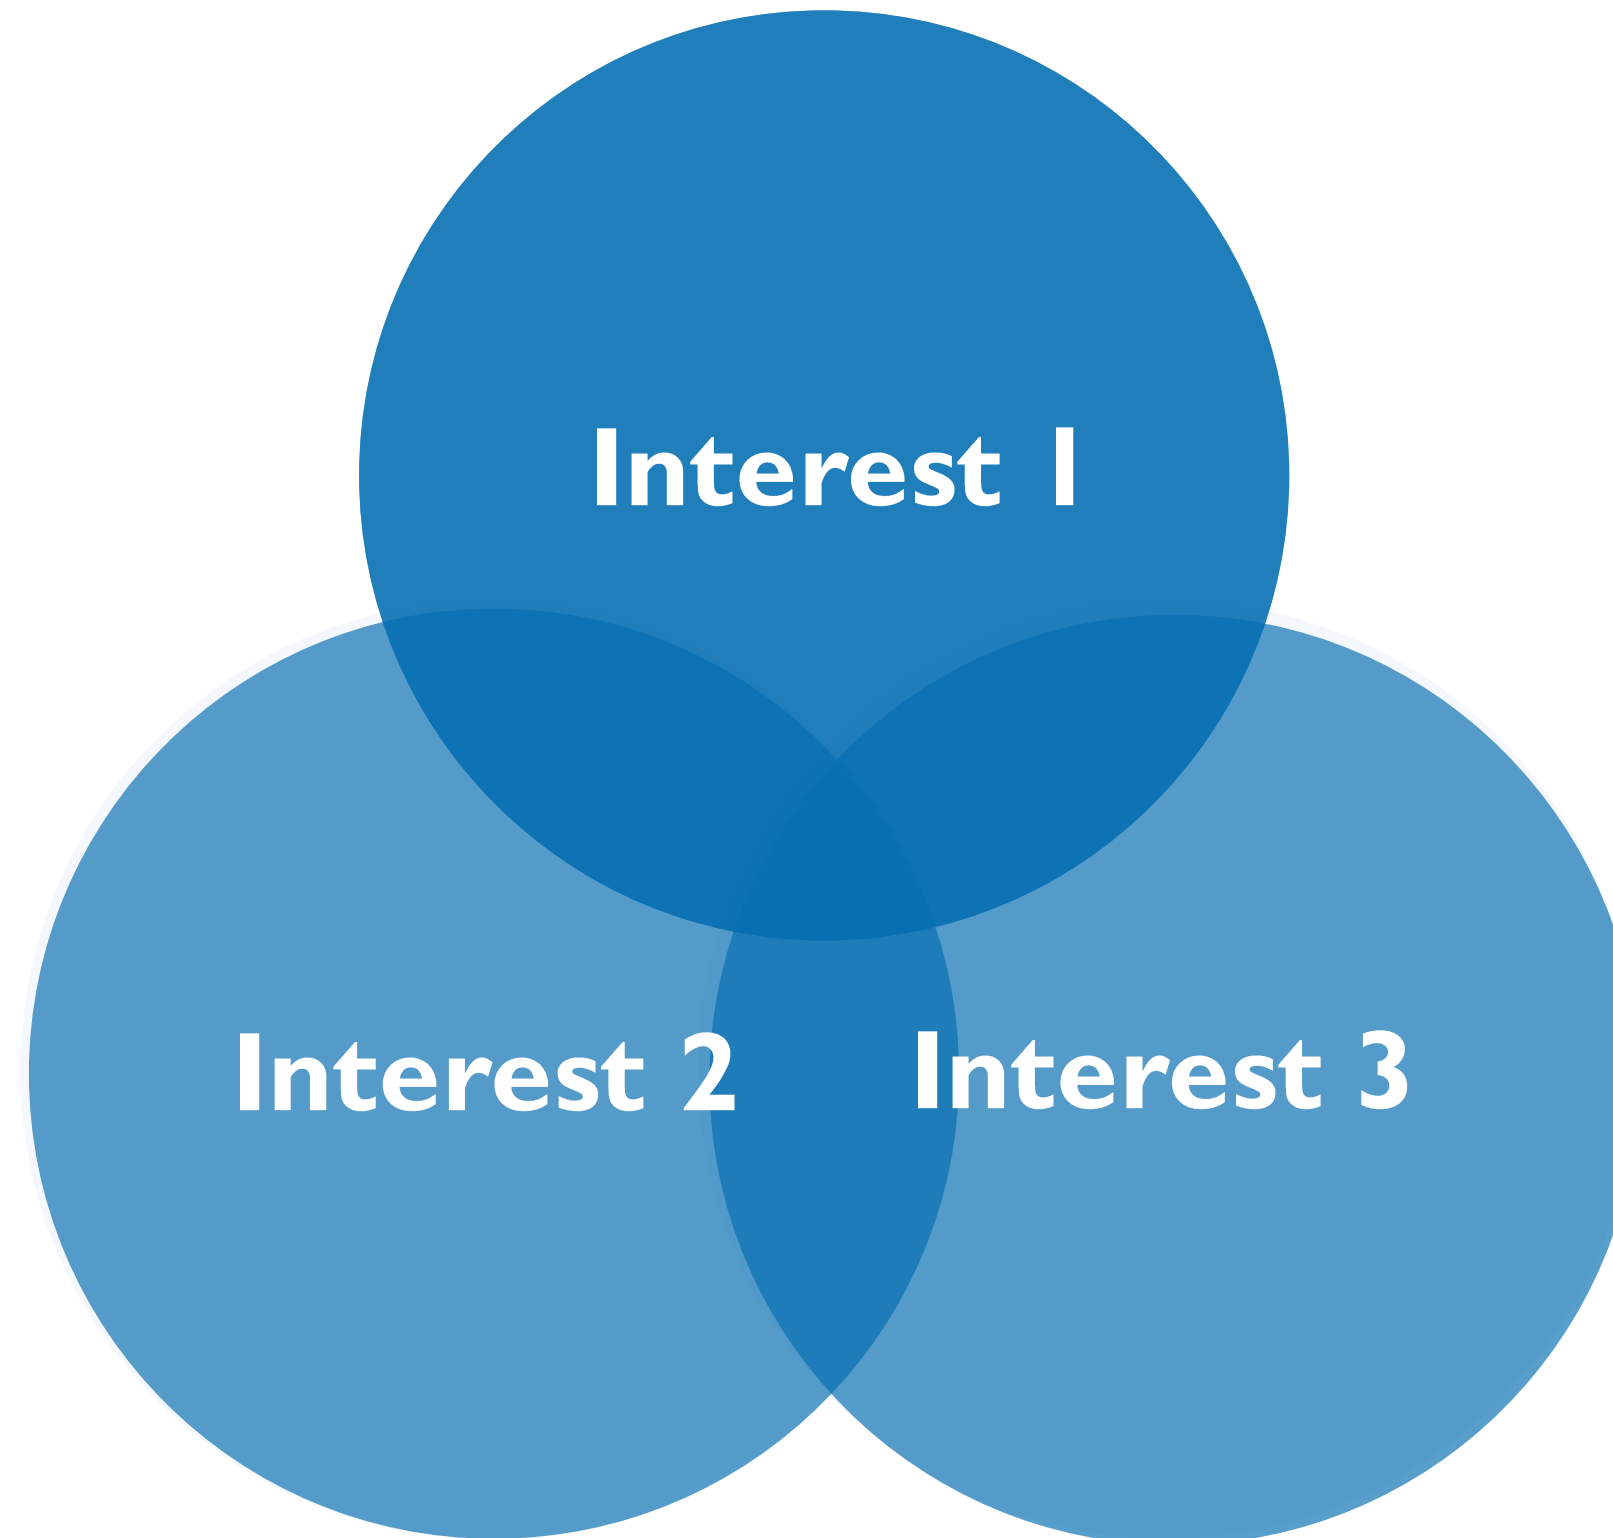

Combination

Expansion

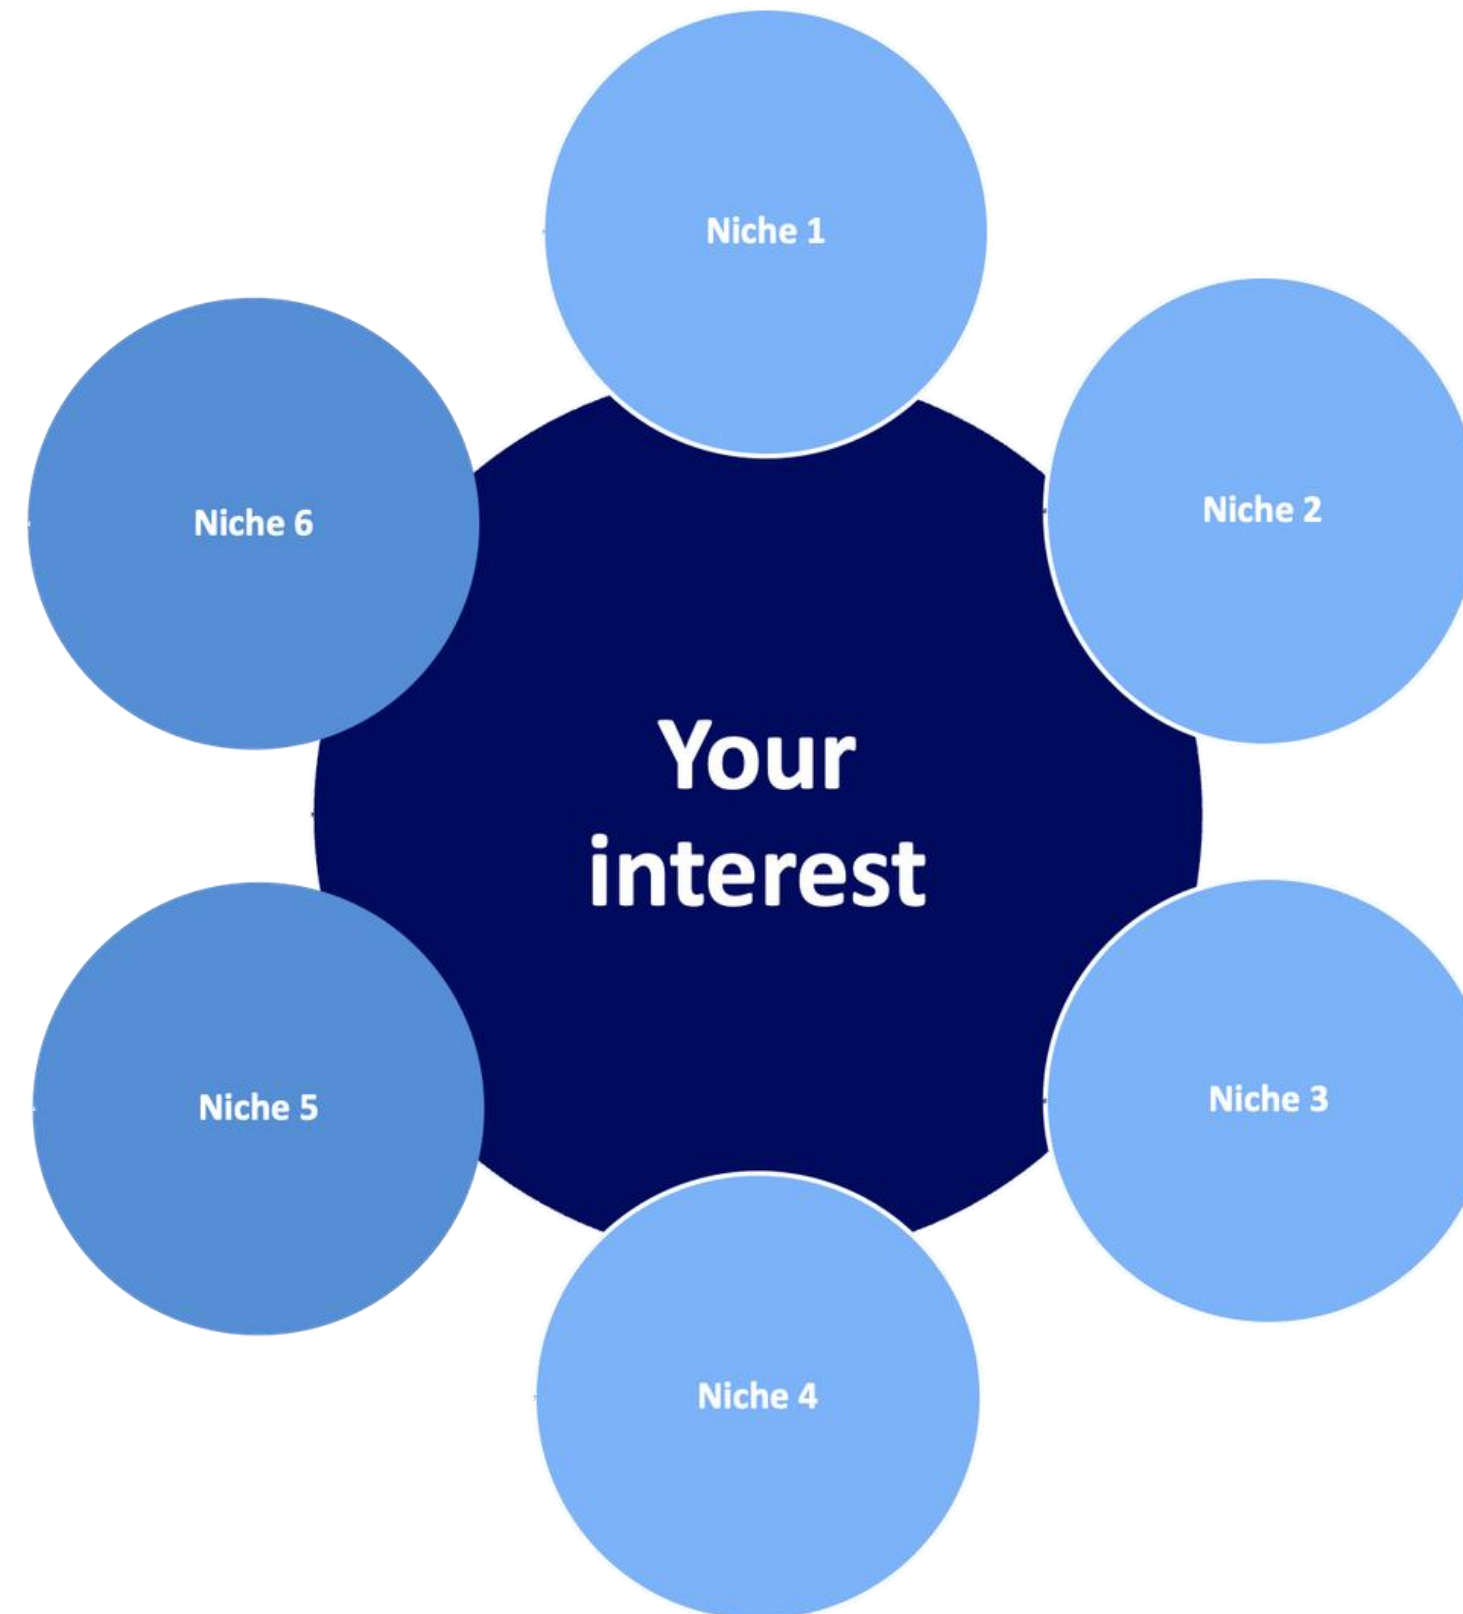

Logical Connectors

Logical

A. Combination Technique to identify niches

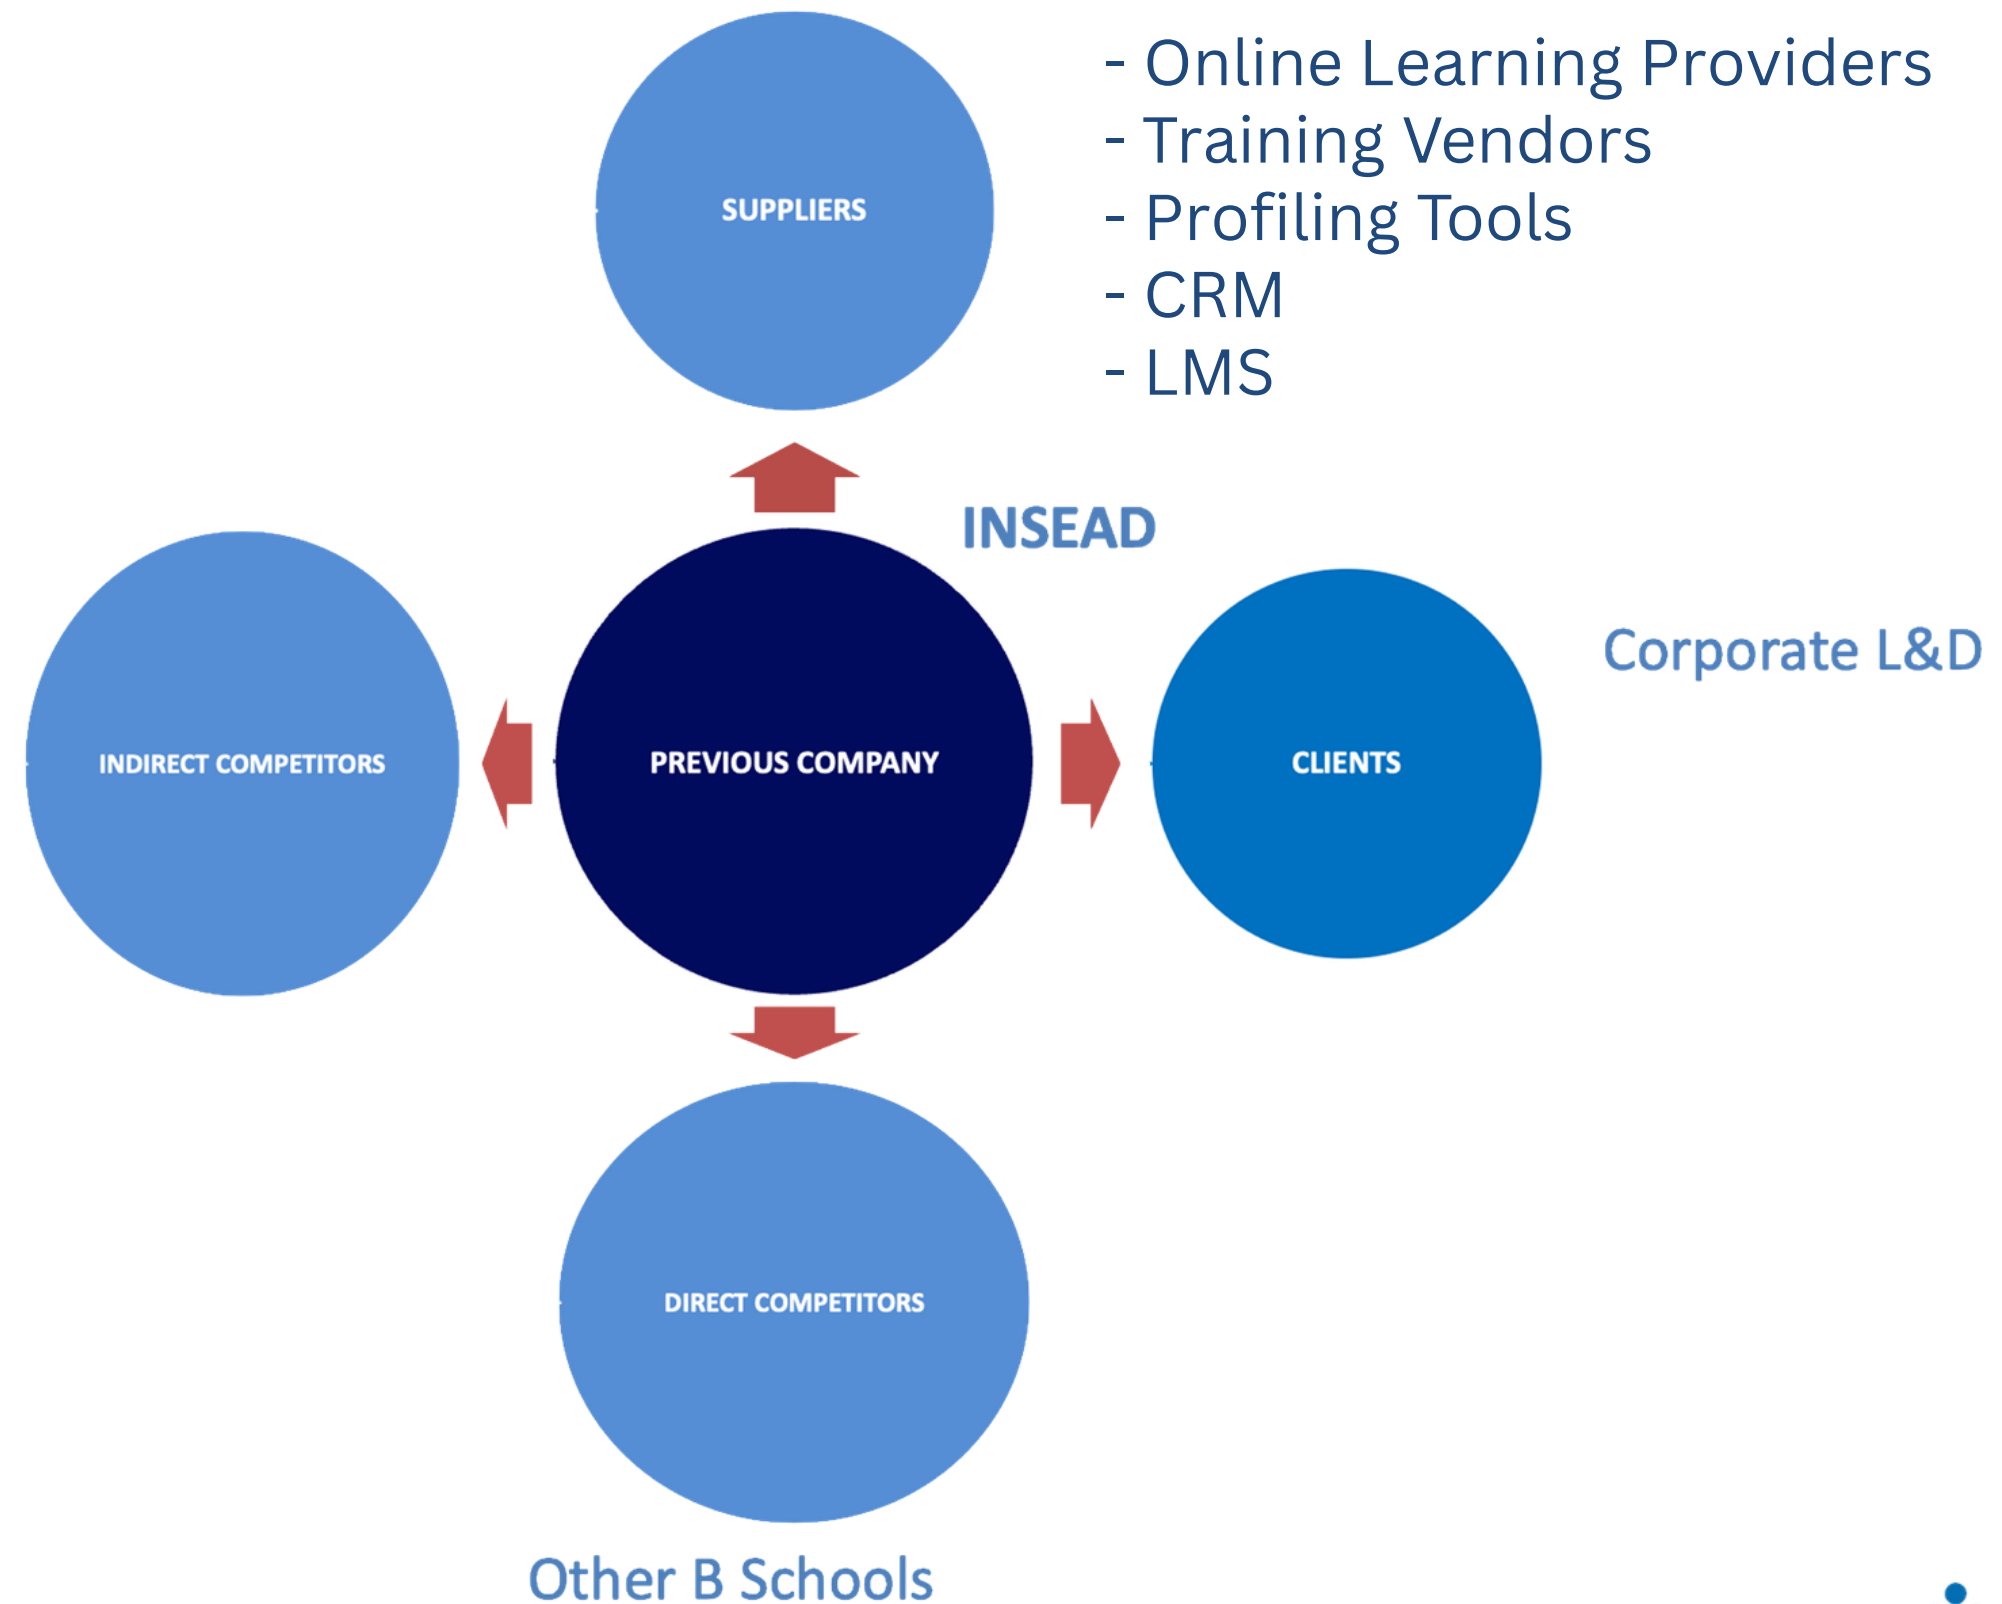

B. Expansion Technique

C. Logical Connectors

- Other B Schools
- Career Growth
- Recruitment Companies
- Leadership Development
- Companies
- Strategy Consultancies

D. Logical Pivot

		Industry	
		Same	Different
Function	Same	Brand Manager FMCG	Brand Manager Healthcare
	Different	Strategy FMCG	Strategy Healthcare

The diagram illustrates a logical pivot strategy using a 2x2 matrix. The vertical axis represents 'Function' (Same vs. Different) and the horizontal axis represents 'Industry' (Same vs. Different). The roles are: Brand Manager FMCG, Brand Manager Healthcare, Strategy FMCG, and Strategy Healthcare. Arrows show transitions: a blue arrow from Brand Manager FMCG to Brand Manager Healthcare (horizontal), a blue arrow from Brand Manager FMCG to Strategy FMCG (vertical), a blue arrow from Strategy FMCG to Strategy Healthcare (horizontal), and a blue arrow from Brand Manager Healthcare to Strategy Healthcare (vertical). A large yellow arrow points from the top-left cell (Brand Manager FMCG) to the bottom-right cell (Strategy Healthcare), representing a logical pivot.
